

“Food is our common ground, a universal experience.” James Beard

Advanced Foods, Nutrition, and Wellness

Family and Consumer Science (FCS)

Teacher: Ms. Anna Alex

Email: aalex@d181.org

Course Objective:

FCS classes offer ample opportunity for students to gain real-world knowledge and experience through hands-on learning. Foods II elaborates on principles learned in Foods and Nutrition I. Topics such as, fad dieting, eating disorders, organic vs. non organic, different diets around the world, and how to eat healthy in the 21 century will be covered. Safety and sanitation, kitchen math, food cost, and food comparisons will be covered. There will be a huge emphasis on nutrition, Myplate, and what is considered healthy. Students will use and practice teamwork, time management, and critical thinking skills in lab. The end of the semester project will be a food competition that will test students' knowledge of the skills learned in Foods II.

Materials needed daily: Binder or folder, notebook, pencil and CHMS assignment notebook. Please bring a hair tie for long hair on lab days. Aprons will be provided but you may bring your own apron on lab days.

Guidelines for success in the classroom and lab:

Strive for Success- • Be on time, in your seat when the bell rings •Participation is key •Come prepared with supplies

Respect Yourself- • Ask for help when needed •Mistakes are proof that you are trying •Use language that is worthy of your character

Respect Others- • Be kind always •Be patient with the needs of others •Everyone has an equal opportunity to learn

Respect our Classroom- • NO GUM •No vandalism of any sort •**No horseplay**

Be Polite- •**Electronics are used for educational purposes only** •Always raise your hand •Listen while others are speaking

Be kind

Breakdown of grading:

- Quizzes
- Daily participation
- Classwork
- Projects

Consequences:

8th grade

One verbal warning and further inappropriate behavior will result in parent contact and disciplinary referral

*Harassment of any kind, cheating, plagiarism, and/or vandalism will not be tolerated and appropriate consequences will be given. Please keep in mind that appropriate behavior during lab is **expected**. **Cell phones need to be put away, unless given permission by the instructor.**

Late work: Students will have the opportunity to turn in late work for points off the next time class meets (class meets every other day). I will not accept late work after that.

Make up work: Students are responsible for any work missed. It is student's responsibility to check the class folder titled "FOODS II" for missing assignments and ask me for any help needed.

*Please arrive on time to class. On lab days, we will begin right away and it is crucial that you are here, and ready to get started.
